

RHAC Grant Updates:

- New Pickup System
 - New check system: individuals who have requested RHAC grant funds must come to the Union during exec office hours to pick up the check
 - Similarly to how package alerts in residence halls are done, the recipient will receive an email alerting them when their check is ready for pickup
 - If that person is not available to pick up the check during office hours, they are welcome to send a proxy on their behalf
 - The individual / the proxy will then show their BuckID for a confirmation of their identity, and will sign off saying that they picked up the check on that specific date
 - Checks should be cashed within 2 weeks of pickup
