ReNew: Reflections on Sustainability, Identity,  
and Social Change in the City (The MUNDO NYC  
Experience 2023)

**The MUNDO action teams have been planning a unique, educational, and thrilling experience. Throughout the experience, you will gain an understanding of the history of many ethnic and/or cultural groups in New York City.**

**During the trip you will learn about how important identities in terms of status and more affect our lived experiences and how it has affected those who experienced it before us. We challenge you to reflect and put yourself in the shoes of others who may share a different identity than yours!**

**While in New York City, we will also discuss the importance of examining identity experiences and will start a conversation about what our generation needs to leave behind in terms of progress.**
